

## CIS 6005 : Computational Intelligence Viva

**Kindly note that the following Vivais valid and applicable only for those students who have submitted the presentation for both CMU Moodle and the ICBT SIS!**

### Instructions

Attending the presentation is a must for every student who has submitted the CIS 6005 : Computational Intelligence - WRT 01 assignment.

All students need to logging in for the presentation before the allocated 30 minutes with the necessary documents they will need for presentations.

(Please check your audio and video accessibility prior to logging in at the given allocated time.).

Students need to be joined for the presentation with video.

All the students should attend the presentation with a formal dress code.

Students should be prepared with all source codes and relevant materials before the viva.

There may be some delays in admitting students due to unforeseen circumstances, but students should remain in the lobby until they are admitted.

Lecturer will be using the code files submitted to the ICBT portal and the report submitted to Cardiff during the viva for evaluations.

Students must showcase and explain their implementations, and lecturer will ask questions based on them.

Each student will be allocated 15 minutes, and no additional time will be given.

Students should be able to execute their code during the viva if required.

The code presented must be the same as the submitted code, as lecturer will be comparing them.

students can exchange their time slots with someone else, but they must inform me (E-mail: ruwinip@icbtcampus.edu.lk) in advance.

**No additional slots will be allocated if a student misses their assigned time slot.**
